

GreenSoft Technology, Inc. Launches Customer Support Center

Pasadena, CA, February 14, 2017 – GreenSoft Technology, Inc., a leading provider of environmental compliance data services and software, has launched a new Customer Support Center for customers to access training, troubleshooting and tips: www.greensoftsupport.com.

The GreenSoft Customer Support Center provides an abundance of knowledge for GreenSoft customers on how to use GreenData Manager software and platform add-ons, and provides information about GreenSoft's Data Services.

The Frequently Asked Questions section provides answers for users of GreenSoft's award-winning GreenData Manager software and GreenSoft's Data Services. GreenData Manager application notes are available in the Customer Support Center, as well as GreenSoft's extensive White Paper Library.

Users are able to submit help request tickets through the Customer Support Center that are sent directly to GreenSoft's Customer Support Team. Contact information to call the Support Team for help over the phone are also available in the Customer Support Center.

Additionally, GreenSoft customers will be able to access and make unlimited downloads to the informational White Papers that GreenSoft regularly publishes on the compliance industry and regulations.

GreenSoft's Customer Support Team intends to make frequent updates to the Customer Support Center so that even more resources will be available on the website going forward.

The Customer Support Center is only accessible to GreenSoft customers. GreenSoft Project Managers will be contacting customers to arrange log-in credentials in the next few days.
