GreenSoft TECHNOLOGY, INC.

Your Partner in Compliance

ENVIRONMENTAL COMPLIANCE DATA SERVICES

Data Collection, Validation and Conversion for
EU RoHS, EU REACH, Conflict Minerals, and Other Regulations

Compliance Due Diligence Starts with High-Quality Data

GreenSoft Technology, Inc. is a trusted partner for manufacturers seeking compliance with a range of global environmental regulations, including:

- **EU RoHS**
- **EU REACH**
- **Conflict Minerals**
- **California Proposition 65**
- **EU Medical Devices Regulation (MDR)**
- **U.S. Toxic Substances Control Act (TSCA)**
- **SCIP Database**
- **PFAS "Forever Chemicals"**
- **And other regulations or custom requests**

As part of our **Data Services**, we will directly contact your supply chain to collect compliance data and documentation on your parts and assemblies. We validate that data for completeness and accuracy, and convert it into your desired format.

GreenSoft Technology, Inc. can generate compliance reports for you, or you can use **GreenData Manager® (GDM) Software** to manage your compliance data and reporting internally.

Efficient Data Collection, Validation, and Management

GreenSoft Technology's **Data Services** solution streamlines your environmental compliance program, allowing you to focus on your core competencies.

Our comprehensive **Data Services** solution includes:

- **100% parts coverage** for your Bill of Materials (BOM) through a process of data collection, replacement part sourcing, and material analysis.

- Data validation using our **stringent quality system** that combines automated checks and manual review to ensure **data quality of 99.9%.**

- Reduced data collection time by leveraging our extensive **GreenSoft Component Database** containing up-to-date compliance and substance information on millions of parts.

- **Hands-on data collection** from your supply chain, with rigorous follow-up as many times as it takes to obtain the requested data.

- Data delivery in multiple formats including **Excel**, **IPC-1752A**, **IEC 62474**, and others.

ENVIRONMENTAL COMPLIANCE DATA SERVICES

GreenSoft Technology's Data Management Process

Our **Data Services** solution provides hands-on data collection and validation, and full coverage of your Bill of Materials through a comprehensive process managed by your **dedicated Project Manager.**

Customizable Packages for Projects of All Sizes

GreenSoft Technology offers flexible solutions that can be customized to fit your specific needs. An example of our standard Data Package includes:

- **BOM Scrub Report** (correcting manufacturer names, part numbers, descriptions, etc.)

- **EU RoHS and EU REACH Compliance** (compliance status, replacement parts, CoCs, CE marking, etc.)

- **Lifecycle Information** (NPI, Active, NRND, EOL, Obsolete, etc.)

- **Full Material Declaration (FMD)** data collection when available

- Project **status reports**, product level regulation **compliance reports & compliance statements**, and **due diligence packages**.

- Delivery of reports in **Excel**, **IPC-1752A**, **IEC 62474**, and others formats.

- A **dedicated Project Manager** to oversee your company's project.

ENVIRONMENTAL COMPLIANCE DATA SERVICES

Additional Services for a Complete Compliance Solution

In addition to our standard **Data Services** package, GreenSoft Technology also offers:

- **Conflict Minerals Reporting Template (CMRT)** and **Extended Minerals Reporting Template (EMRT)** collection services.

- **EU REACH article classification** and processing of articles based on the "Once-An-Article-Always-An-Article" requirements under the EU REACH regulation.

- **SCIP Database** dossier generation/submissions.

- **Full Material Declaration (FMD)** disclosures.

- **Compliance Assessments** of mechanical parts based on drawings or material descriptions to obtain compliance status when suppliers fail to supply information.

- Compliance documents for **PFAS**, **California Proposition 65**, **Halogen-Free**, **Ozone Depletion**, and other regulations or requirements.

- Product-level disclosures in **Excel**, **IPC-1752A/IEC 62474 XML**, **BOMcheck IPC**, **chemSHERPA AI**, **GADSL/IMDS**.

The GreenSoft Technology Difference

GreenSoft Technology, Inc. has been helping manufacturers around the globe manage their compliance data for **over 20 years** by providing comprehensive **Data Services** and the award-winning **GreenData Manager**® **software**. We have a broad range of expertise in active and passive components, electrical and mechanical parts, packing and printing material, and raw materials including gas and chemicals. GreenSoft Technology is **ISO 9001:2015** and **ISO 27001 certified**.
